

Canvas 1 & 2 Visitor Chair

Product Overview

Canvas is a contemporary, lightweight collection of stacking chairs and stools. Its sleek, lean design and its glossy finishing are inspired by the beauty of neoclassical sculptures. Designed with a beautiful sculpted back, Canvas has a gently controlled flex that moves with the user's bodyweight to provide comfort, even for extended periods. Canvas compact dimensions make it ideal for high-density applications such as training and conference, auditoriums, educational and healthcare. Its fresh, modern profile is also attractive in a retail setting, cafeterias and recreational spaces. Front and full upholstery, with countless combinations and minimal thickness, complete the collection.
